Testimonial Samkelo Blom

14 October 2019

To whom it may concern

It is my pleasure to write a testimonial on the ability and competence of Nomatu Consulting, but in particular of Samkelo Blom, with whom I had the pleasure of working.

Recently, Equity Works partnered with Nomatu Consulting for a Diversity and Inclusion intervention at a major global client in the Western Cape. Not only was Samkelo's prior experience in HR invaluable in this initiative, his understanding and insight into the specific subject matter of Diversity and Inclusion added tremendous value to our joint offering.

We had great feedback from the client. Samkelo is particularly skilled in creating an open and free learning environment where delegates could share and deal with their challenges on Diversity and Inclusion in the workplace. His wisdom, ability to listen and seeking to understand, provided the catalyst to facilitate this workshop for our joint client.

I have no hesitation recommending him for any such initiative in any environment.

Yours faithfully
